

Company Deck

preciseair@loharengg.com

The HEPA filter experts

About Us

Previously known as 'Precise Air Control' established in June 2021 we are a 2 years young company with core team having 40+ years of experience. We are focused to develop high performance HEPA filters for various types of applications.

Mr J T Lohar

is a veteran engineer known for his work in pharmaceutical equipment's manufacturing industry. He has represented a reputed organization for over 35 years on various platforms. Product engineering is not only his interest but core expertise as well.

In his pursuit to build world class HEPA filters in India, he has started his own manufacturing facility at Umbergaon, Gujarat in the year 2021.

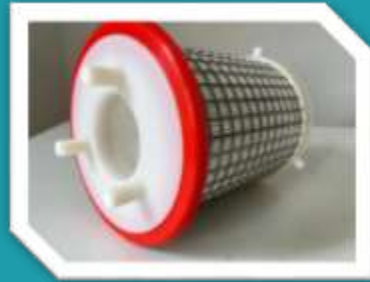

His vision is to add value into pharma industry by providing top quality products and his product engineering experience that may help equipment companies better their products

Founder Profile

Isolator Filters

We are specialized in developing custom fit isolator filters for your various applications. We have developed isolator filters that last long in corrosive environment;

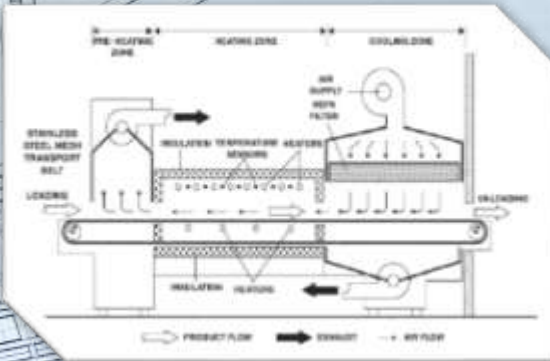

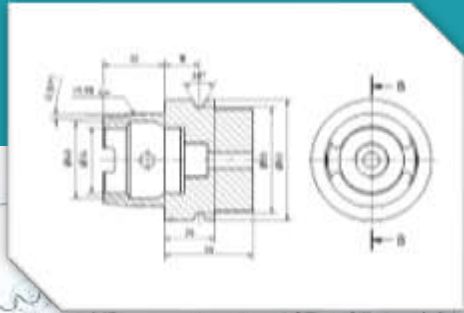

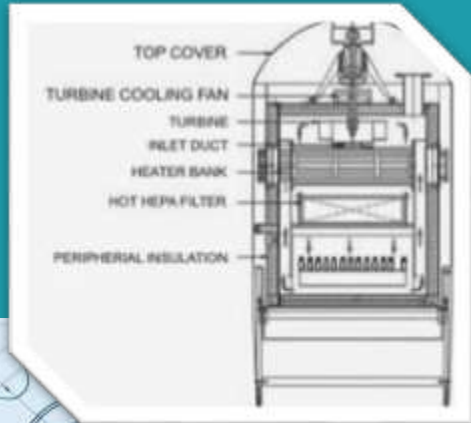

Cleanroom & Hot zone Filters

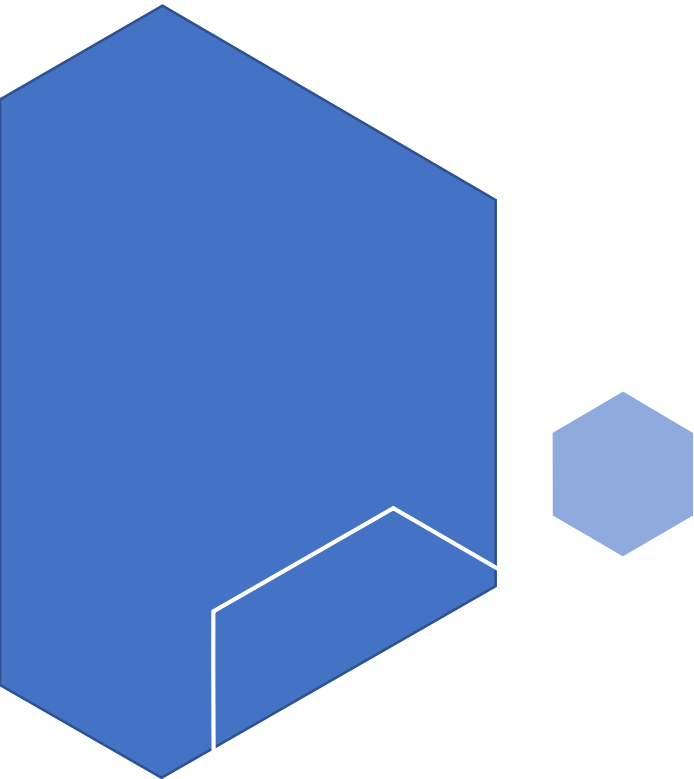

Filters are tested by professionals to ensure they are leakproof & to check integrity of the products

Product Development/Upgrade Consulting

How we get there

Curated Design

- Envision multimedia-based expertise and cross-media growth strategies
- Visualize quality intellectual capital
- Engage worldwide methodologies with web-enabled technologies

Economical & High Performance

- Pursue scalable customer service through sustainable strategies
- Engage top-line web services with cutting-edge deliverables

Quality Tested

- Cultivate one-to-one customer service with robust ideas
- Maximize timely deliverables for real-time schemas
